A cancelled check or credit card statement must be provided to verify proof of payment. Additionally, upon project completion, applicants must submit a completed form to register their security camera system (if applicable) with the Chicago Police Department's CHICAGO Plan initiative. The CHICAGO Plan initiative asks businesses and property owners to register their privately-owned closed-circuit security camera systems and devices. As police respond to criminal incidents in the community, they can use this registration to request footage gathered from registered security cameras to assist in the apprehension and prosecution of the criminals involved.

All applications will be considered in the order in which they are received until which time funds are no longer available. The applicant may be asked for clarification if requested by the Security Rebate Committee. Additionally, all applications:

In addition, a signed agreement to maintain and adhere to safety standards will be required. These include, but are not limited to:

- Maintain generally clear and uncluttered display windows free of most obstructions;
- Maintain unhindered and clear lines of sight into the interior space from the exterior public way;

Applications will be reviewed by the SSA Commission and/or Safety Rebate Committee. If planning to complete a project, contact Uptown United as soon as possible in the planning process to discuss available funds and requirements. Rebate applications will be conditionally approved or denied, and Uptown United will communicate the conditional approval (or denial) to the applicant. Once work has been completed on a conditionally approved project, paid in full by the applicant, and the appropriate proof of payment is submitted, Uptown United staff will carry out a final review of the project to determine compliance with program guidelines and pre-approved plans. Applicants must demonstrate proof of payment (e.g. cancelled check, credit card statement). Any portions of the applicant's project paid for in cash **cannot** be reimbursed. A rebate check (up to 50% of qualifying expenses and up to \$2,500 maximum) will be sent within four weeks after final review and proper final documentation has been submitted, if dispersal is granted by the SSA Commission and/or Curb Appeal Rebate committee.

## **OEMC Program Participation**

It is recommended, and in some cases, may be required that public way camera(s) be linked into the City of Chicago Office of Emergency Management and Communications (OEMC) unified video surveillance network or *Private Sector Camera Initiative*. Linkage of private cameras help provide Emergency Management officials and Homeland Security Directors with additional points of contact throughout the City that can be accessed during an emergency. Uptown United will work with applicants and OEMC to ensure that applicants are provided with OEMC's technical standards and that the linkage process proceeds smoothly for the applicant. To encourage participation, eligible expenses for the OEMC hook-up will be reimbursed up to 75%, subject to the maximum rebate of \$2,500 per application.
